**Toilet Commode Seats With Legs**

**Model 6000**

- 19 inches wide by 16 inches deep.
- Adjustable seat to floor height from 18 ½ to 23 ½ inches.
- Optional arm rests available.
- Extra wide for transferring and positioning.
- High weight capacity (550 Lbs.).
- Angle adjustable.

**Model 6001**

- 14.5 inches wide (at narrow point) by 18 inches deep.
- Adjustable seat to floor height from 18 ½ to 23 ½ inches.
- Contoured in at the sides for accessibility.
- Extra depth provides support for the legs.
- Angle adjustable.

These two new toilet-seating products have been designed for those who require a large sturdy seating area when transferring from a sling or a power chair. The high weight capacity and heavy-duty design provide safer transfers than a regular raised toilet seat. These toilet seats attach firmly to the bowl with four clamp-on brackets. Two legs on the front provide extra support at the front and edges.
